

**Float any size or shape shower quickly & easily and get a 1/4 " slope to the drain every time. with:**

## **Quick Pitch: The Perfect Shower Floor Kit**

- \* **NO LEVELS - NO RULERS**
- \* **Used with all standard shower drains**
- \* **Lightweight, Permanent, non-rotting**
- \* **Easily cut with hacksaw or pvc cutters**
- \* **Economical- Saves Time & Money**

Quick Pitch is available in three kits as to accommodate any size or shape.

**Standard Kit- (QPK-101)** will do up to a 3'x5' standard size shower.

*kit = 6 float sticks, 1"-1 3/4" x 36" & one center ring*

**Extra Float Stick Kit- (XFS-101.2)** These are necessary for larger areas for screeding purposes. You want your float sticks to be a maximum of 2-2 1/2 ft. from each other at the outer ends.

*kit = 9 float sticks 1"-1 3/4" x 36"*

**Extended Float Stick Kit- (EFS-103)** These are for areas where the outer walls are greater than 3' from the drain. You have the ability to do up to a 12'x12' room.

*kit = 8 float sticks 1 3/4"- 2 1/2" x 36"*

Quick Pitch installed with CURBSTILE
