

**WHAT DO OVER 20,000  
OF YOUR NEIGHBORS KNOW ABOUT  
GLASS BLOCK THAT YOU DON'T?**

**STARK GLASS  
BLOCK MAKES THE  
DIFFERENCE**

Large inventory, experienced professional installers and a proven commitment to customer satisfaction are why you get the best deal at Stark Glass Block.

**SAFETY & SECURITY**

Thick, break resistant glass block, properly installed, makes a virtually impenetrable window.

**ENERGY-SAVING**

No more storm windows. Stark Glass Block offers the insulating efficiency of double pane glass with an average R-Factor of 1.96. Start saving money on your heating and air-conditioning costs, now.

**MAINTENANCE FREE**

No caulking, puttying, painting or rust. Just hose down, wipe the edges and it looks good as new.

**APPEARANCE**

No other building material combines the beauty of light with so many functional characteristics. Use glass block on windows, walls, showers, partitions and more.

# STARK GLASS BLOCK IS GLASS BLOCK THE WAY IT SHOULD BE

Stark's Custom Building System™ means straight masonry joints

Reinforced mortar with hot dipped galvanized steel for longer life and more strength. ONLY STARK

Mortar keyed between foundation and brick to create watertight, airtight, dust and insect-proof installation. ONLY STARK

Only the highest quality glass block: STARK GLASS BLOCK

Unique masonry formula makes joints virtually indestructible. ONLY STARK

Recessed installation for a more attractive appearance. ONLY STARK

We always remove the old wash and install a new waterproof sill. ONLY STARK

**YOU SHOULD HAVE FREEDOM OF CHOICE**  
Stark Glass Block offers more choices.

## Glass Block

A huge selection of styles and colors from glass block manufacturers around the world.

## Mortar Colors

White, Tan, Brown and Gray with custom colors also available.

## Vents

Numerous styles and colors. Egress windows are also available.

## YOU SHOULD HAVE THE BEST

The best installation. The best service. The best products. Your best choice is Stark Glass Block, because quality always makes a difference.

## YOU SHOULD NOT HAVE TO WORRY

Faulty installation and sub-standard materials will cost you plenty. More than 20,000 happy customers will tell you that your safest choice is Stark Glass Block, because we do glass block the way it should be.

## STYLES

### PRIVACY

Good light transmission. Maximum privacy.

### WAVE

Maximum light. Moderate distortion.

### CLEAR VIEW

Good light transmission and visibility.

## VENT CHOICES

### PREMIUM RIGID VINYL VENTS

Available in Awning or Hopper styles.

### DRYER VENTS

Attractive and maintenance free.

## PANEL CHOICES

### STEEL REINFORCED

Galvanized steel reinforced mortared cross joints give greater strength and security.

### POWER FLEX™

Lighter. Stronger. A better insulator than mortar because it will not transfer cold.
